Re: In the Matter of High-Cost Universal Service Support, WC Docket No. 05-337; In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45

Dear Commissioner Tate:

I am writing to endorse the recommendation of the Joint Board on Universal Service to place an interim, emergency cap on the amount of high-cost universal service support that competitive eligible telecommunications carriers may receive.

I appreciate your leadership and that of the other members of the Joint Board and staff as you consider the difficult questions associated with the distribution mechanism for universal service support.

We believe that this first step is the best way to begin a process to preserve universal service for the benefit of consumers. Without this critical action and leadership on the part of the Joint Board, the benefits that universal service provides to rural consumers would be in serious jeopardy.

Sincerely,

Melinda Karns

Re: In the Matter of High-Cost Universal Service Support, WC Docket No. 05-337; In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45

Dear Ms. Dortch:

I would like to thank and praise Commissioner Deborah Taylor Tate for her outstanding leadership as chair of the Federal-State Joint Board on Universal Service (Joint Board) and for her eloquent testimony before the Senate Commerce Committee on June 12, 2007.

I also would like to express my full support of the Joint Board's recommendation to place an interim, emergency cap on the amount of high-cost universal service support that competitive eligible telecommunications carriers (CETCs) will receive over the next 18 months. The Joint Board's proposed interim cap will secure the near-term sustainability of the high-cost Universal Service Fund (USF). This is a necessary first step toward long-term USF reform that must be taken to sustain affordable communications services for generations to come.

The proposed interim measure will relieve the rapidly growing pressure on the high-cost USF mechanism resulting from the explosive growth in CETC USF support. Adopting the 18-month interim CETC USF cap will provide the Federal Communications Commission (FCC) enough time to develop and implement long-term USF reform measures without risking the sustainability of the fund or public safety.

This is the best way to begin a process to preserve universal service for the benefit of all consumers. Without this critical interim action and the leadership of Commissioner Tate, the benefits that universal service provides to consumers would be in serious jeopardy in the very near future. For these reasons, I urge Chairman Martin and Commissioners Copps, Adelstein and McDowell to support Commissioner Tate and adopt the Joint Board's proposed emergency, interim cap on CETC high-cost universal service support.

Sincerely,

John E. Colbert

July 5, 2007

Robert McDowell
Commissioner

Dear Robert McDowell:

I am writing to encourage the Federal Communications Commission (FCC) to protect the Universal Service Fund (USF) for wireless providers.

The USF needs to be protected so rural residents can enjoy the public safety, health and economic development benefits that the rest of the state already enjoys.

Wireless telecommunications is no longer a luxury item in our society; it is a fundamental necessity. Law enforcement officers need dependable service to handle dangerous situations such as domestic violence complaints. Drivers need to be able to rely on wireless service in the event of an accident along the back roads of isolated areas. And in terms of economic development, cell phone coverage is absolutely paramount to attracting new business into an area.

The USF was created to ensure that telecommunications technology doesn't leave rural communities behind. Rural Americans deserve the same quality service as residents in big cities, but that can only happen by expanding USF so that carriers can build cell sites that deliver quality service.

Threats of caps to the fund or reverse auctions that result in single "winners" will hurt rather than help residents of rural America. Capping support to growing networks will hinder rural infrastructure development, and reverse auctions will undoubtedly lead to the kind of monopoly situations the 1996 Act intended to eliminate.

I hope you will consider this request to protect the Universal Service Fund for wireless providers. Your attention to this matter will go a long way toward helping the citizens of rural America.

Sincerely,

Hudson O'Keeffe

Re: In the Matter of High-Cost Universal Service Support, WC Docket No. 05-337; In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45

Dear Ms. Dortch:

I would like to thank and praise Commissioner Deborah Taylor Tate for her outstanding leadership as chair of the Federal-State Joint Board on Universal Service (Joint Board) and for her eloquent testimony before the Senate Commerce Committee on June 12, 2007. I also would like to express my full support of the Joint Board's recommendation to place an interim, emergency cap on the amount of high-cost universal service support that competitive eligible telecommunications carriers (CETCs) will receive over the next 18 months. The Joint Board's proposed interim cap will secure the near-term sustainability of the high-cost Universal Service Fund (USF). This is a necessary first step toward long-term USF reform that must be taken to sustain affordable communications services for generations to come.

The proposed interim measure will relieve the rapidly growing pressure on the high-cost USF mechanism resulting from the explosive growth in CETC USF support. Adopting the 18-month interim CETC USF cap will provide the Federal Communications Commission (FCC) enough time to develop and implement long-term USF reform measures without risking the sustainability of the fund or public safety.

This is the best way to begin a process to preserve universal service for the benefit of all consumers. Without this critical interim action and the leadership of Commissioner Tate the benefits that universal service provides to consumers would be in serious jeopardy in the very near future. For these reasons, I urge Chairman Martin and Commissioners Copps, Adelstein and McDowell to support Commissioner Tate and adopt the Joint Board's proposed emergency, interim cap on CETC high-cost universal service support.

Re: In the Matter of High-Cost Universal Service Support, WC Docket No. 05-337; In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45

Dear Commissioner Tate:

I am writing to endorse the recommendation of the Joint Board on Universal Service to place an interim, emergency cap on the amount of high-cost universal service support that competitive eligible telecommunications carriers may receive.

I appreciate your leadership and that of the other members of the Joint Board and staff as you consider the difficult questions associated with the distribution mechanism for universal service support.

We believe that this first step is the best way to begin a process to preserve universal service for the benefit of consumers. Without this critical action and leadership on the part of the Joint Board, the benefits that universal service provides to rural consumers would be in serious jeopardy.

Sincerely,

Jill Freeman
Mid Century Telephone Cooperative
